

CHILDREN'S ROOM RULES

The Children's Room should be a clean and peaceful place for children to enjoy books, computers, and gentle play. Therefore, effective immediately, the following rules will be strictly enforced:

- No food or drink (except baby bottles)
- Rough play is not allowed.
- No running.
- No hide and seek.
- No unattended children under the age of 10.
- Computer limits will be enforced during the hours of 4pm to 8pm.

Two warnings will be given for breaking any of these rules. After the two warnings, you and your child(ren) will then be asked to leave.

Thank you for your cooperation and your help in making the Island Park Public Library Children's Room an inviting place.
